

# CHANEL

BASELWORLD 2012

## J12 CHROMATIC BAGUETTE-CUT PINK SAPPHIRES

Titanium ceramic, a new highly scratch-resistant material.

Hardness close to that of sapphire.

Its unique color and sparkle are obtained by adding titanium to ceramic and then polishing with diamond powder.

Self-winding mechanical movement. 42-hour power reserve.

Bezel in 18-carat white gold.

Rhodium-plated hands.

Functions : hours, minutes, seconds.

36 baguette-cut sapphires (~6.12 carats).

Silver-plated gray dial set with 12 diamond indicators (~0.09 carats).

Crown in 18-carat gold and pink sapphire.

Triple-folding buckle and case-back in titanium.

Water-resistance : 50 meters.

Diameter : 38 mm.
