Premier Ladies 36mm
The ultimate dream

With its feminine, luxurious and refined design, the emblematic Premier collection is revisited here with the Premier Ladies 36mm. This timepiece, created with exceptional women in mind, is clearly destined to immortalize the moment in hand.

The Premier Ladies 36mm reinterprets the sophisticated aesthetic codes of the iconic Premier collection. This implies first and foremost a generous 36mm case that dresses the wrist like the most precious jewel while the three central arches subtly evoke those adorning the flagship Harry Winston salon in New York.

The Premier Ladies 36mm marries a decidedly flowing aesthetic with a delightfully slender silhouette. The redesigned case exudes a more distinctly modern appeal. The gaze is inexorably drawn to the shimmering mother-of-pearl dial in subtly graded champagne or opaline white shades. Mother-of-pearl lends itself admirably to the art of decorative mosaics. The resulting play of chromatic facets and transparency effects instill a poetry further enhanced by the faceted hands that catch and reflect the light. Twelve diamonds marking the hours echo the gemset bezel and crown, powerfully evoking the history of Harry Winston and its grand jewelry-making tradition.

The Premier Ladies 36 mm is available with an automatic or a quartz movement, while the rose or white gold case is fitted with a satin strap or a gold bracelet that is either simply polished or splendidly set with brilliant-cut diamonds.

Through this eloquent tribute to glamour and to refined elegance, Harry Winston once again proclaims its love for women and offers them a vivid reminder that time remains infinitely precious.
