## Project Z6 Blue Edition

The Project Z6 Blue Edition is the newest introduction in the Project Z series, a collection of stunningly designed timepieces which present the unique aesthetic of Harry Winston, seamlessly fusing high performance, high-end watchmaking, and inimitable cutting-edge design.

Instrumental in revolutionizing Harry Winston timepieces, the Project Z series introduced a new material to the watch industry called Zalium™. Light, harder than titanium, non-allergenic and extremely anti-corrosion resistant, Zalium™ is an aerospace type zirconium alloy exclusive to Harry Winston in watchmaking.

Built around the sophisticated mechanics of Harry Winston's caliber HW1010, the Project Z6 Blue Dial Edition is the ultimate high-end sports watch. The caliber HW1010 is a mechanical, hand-wound movement composed of 338 parts, which in addition to displaying the hours, minutes, and seconds (via Harry Winston's unique "Shuriken" revolving power indicator) is also an impressive alarm watch.

The Project Z6 Blue Edition shares the sophisticated implementation of the alarm function characteristic of the Project Z6 series, where the alarm consists of a minute repeater style hammer, which strikes a gong and produces a crisp sound. Designed to be seen, not only heard, the hammer is fixed to the Zalium™ case to show the alarm ringing and enhance sound transmission, amplification and tone. It forms part of the Harry Winston composition of overlapping disks –one displaying the primary time, and the other showing the time for which the alarm is set, each with separate day and night indicators. Further emphasizing the practical functionality, the double barrels guarantee a full 72-hour power-reserve and ensure that the complication will not disrupt the movement timekeeping functions.

One of the most distinctive features of the Harry Winston Project Z6 Blue Edition is also the multi-level, vertical satin-brushed blue dial, which displays a number of sophisticated features and finishes, including a smoked sapphire glass effect over the alarm hour indexes, a blue sand-blasted applique at the center of the day/night indicator at 2 o'clock, and Côtes de Genève applied to the alarm subdial. The contrasting orientation and style of the finishes in different areas of the dial create a striking, memorable visual effect.

The Project Z6 Blue Edition is offered in a 44 mm Zalium™ case, the hardness and resistance to abrasive wear of this material being enhanced by a grey DLC (Diamond Like Carbon) finish. A fusion of high tech horology and rich design, the Project Z6 Blue Edition is a striking addition to the Harry Winston Ocean Collection.

## Project Z6 Blue Edition

### Technical Specifications

<b>Name</b>	Project Z6 Blue Edition
Reference	OCEMAL44ZZ005
<b>Movement</b> Caliber	HW1010
Type	Mechanical, manual winding
Dimensions of movement	<ul style="list-style-type: none"><li>· Diameter: 34.8 mm</li><li>· Height: 7 mm</li></ul>
Number of components	338 components
Number of jewels	45 rubies
Power reserve	72 hours
Barrel	2 barrels
Balance wheel	Annular balance wheel
Alt. / hour	28'800 (4Hz)
Balance spring	Flat balance spring
Movement finish	Côtes de Genève and shot-blasted
<b>Functions</b>	<ul style="list-style-type: none"><li>· Hours, minutes</li><li>· Alarm</li><li>· Double day/night indicators (time and alarm)</li><li>· Power indicator (Shuriken)</li></ul>
<b>Case</b> Material Finish	<ul style="list-style-type: none"><li>· Zalium™</li><li>· Grey DLC-treated</li></ul>
Case dimensions	<ul style="list-style-type: none"><li>· Diameter: 44 mm</li><li>· Height: 13.45 mm</li></ul>

# HARRY WINSTON

Crystal	Sapphire
Case back	Sapphire-crystal display back
Water resistance	100 meters
<b>Dial</b>	<ul style="list-style-type: none"><li>· Vertical satin-brushed blue base</li><li>· Applied hours and minutes counter</li><li>· Circular satin-brushed finish with snailed finish center except the shot-blasted area from 3 to 6 o'clock</li><li>· Applied alarm subdial with Côtes de Genève finish</li><li>· Dial open over the alarm hammer</li><li>· Smoked sapphire glass effect over the alarm hour indexes</li><li>· Round blue sand-blasted applique at the center of the day/night indicator at 2 o'clock</li><li>· Applied rhodium plated screws</li><li>· Diamond-polished bevels</li><li>· Rhodium plated</li></ul>
<b>Strap</b>	Blue rubber
<b>Buckle</b>	Grey DLC-treated Zalium™ ardillon buckle
<b>Collection</b>	Harry Winston The Ocean Collection™
