

BIG BANG Gold Full Pavé-Set

Diamonds in the Christmas tree. A watch to give for Christmas.

It's Christmas: that magical time at the end of the year, synonymous with giving and receiving gifts of the heart's desire. White like snow, scintillating with the myriad gleams of its 681 diamonds set on 18K red gold blending in against the skin, and so alluring and warm; the Big Bang Gold White Full Pavé-Set really lives up to its name.

It is precious and ultra-feminine with its 38 mm diameter; it is refined and dynamic with its tone-on-tone rubber strap; it is also practical, catering to active women with its quartz movement and water resistance. With Hublot, this Christmas gift will be the essence of refinement. Available in white, but also black or chocolate, the style is immediately recognisable - an exceptional gift for an exceptional person.
